Charlie

She's not yet 21, yet she's been a top glamour model for three years — a long time in this business • Her figure has a lot to do with it; she used to be a gymnast and is still a dancer • And that knowing look too • But she owes just as much to her personality • How she remains so cheerful is beyond us, she even makes photographers laugh — a dour breed at the best of times • And unlike other models who dive into a dressing gown at every opportunity, Charlie will happily wander about naked between takes • A charming habit that has caused the Editor to drink in blinkers . . .

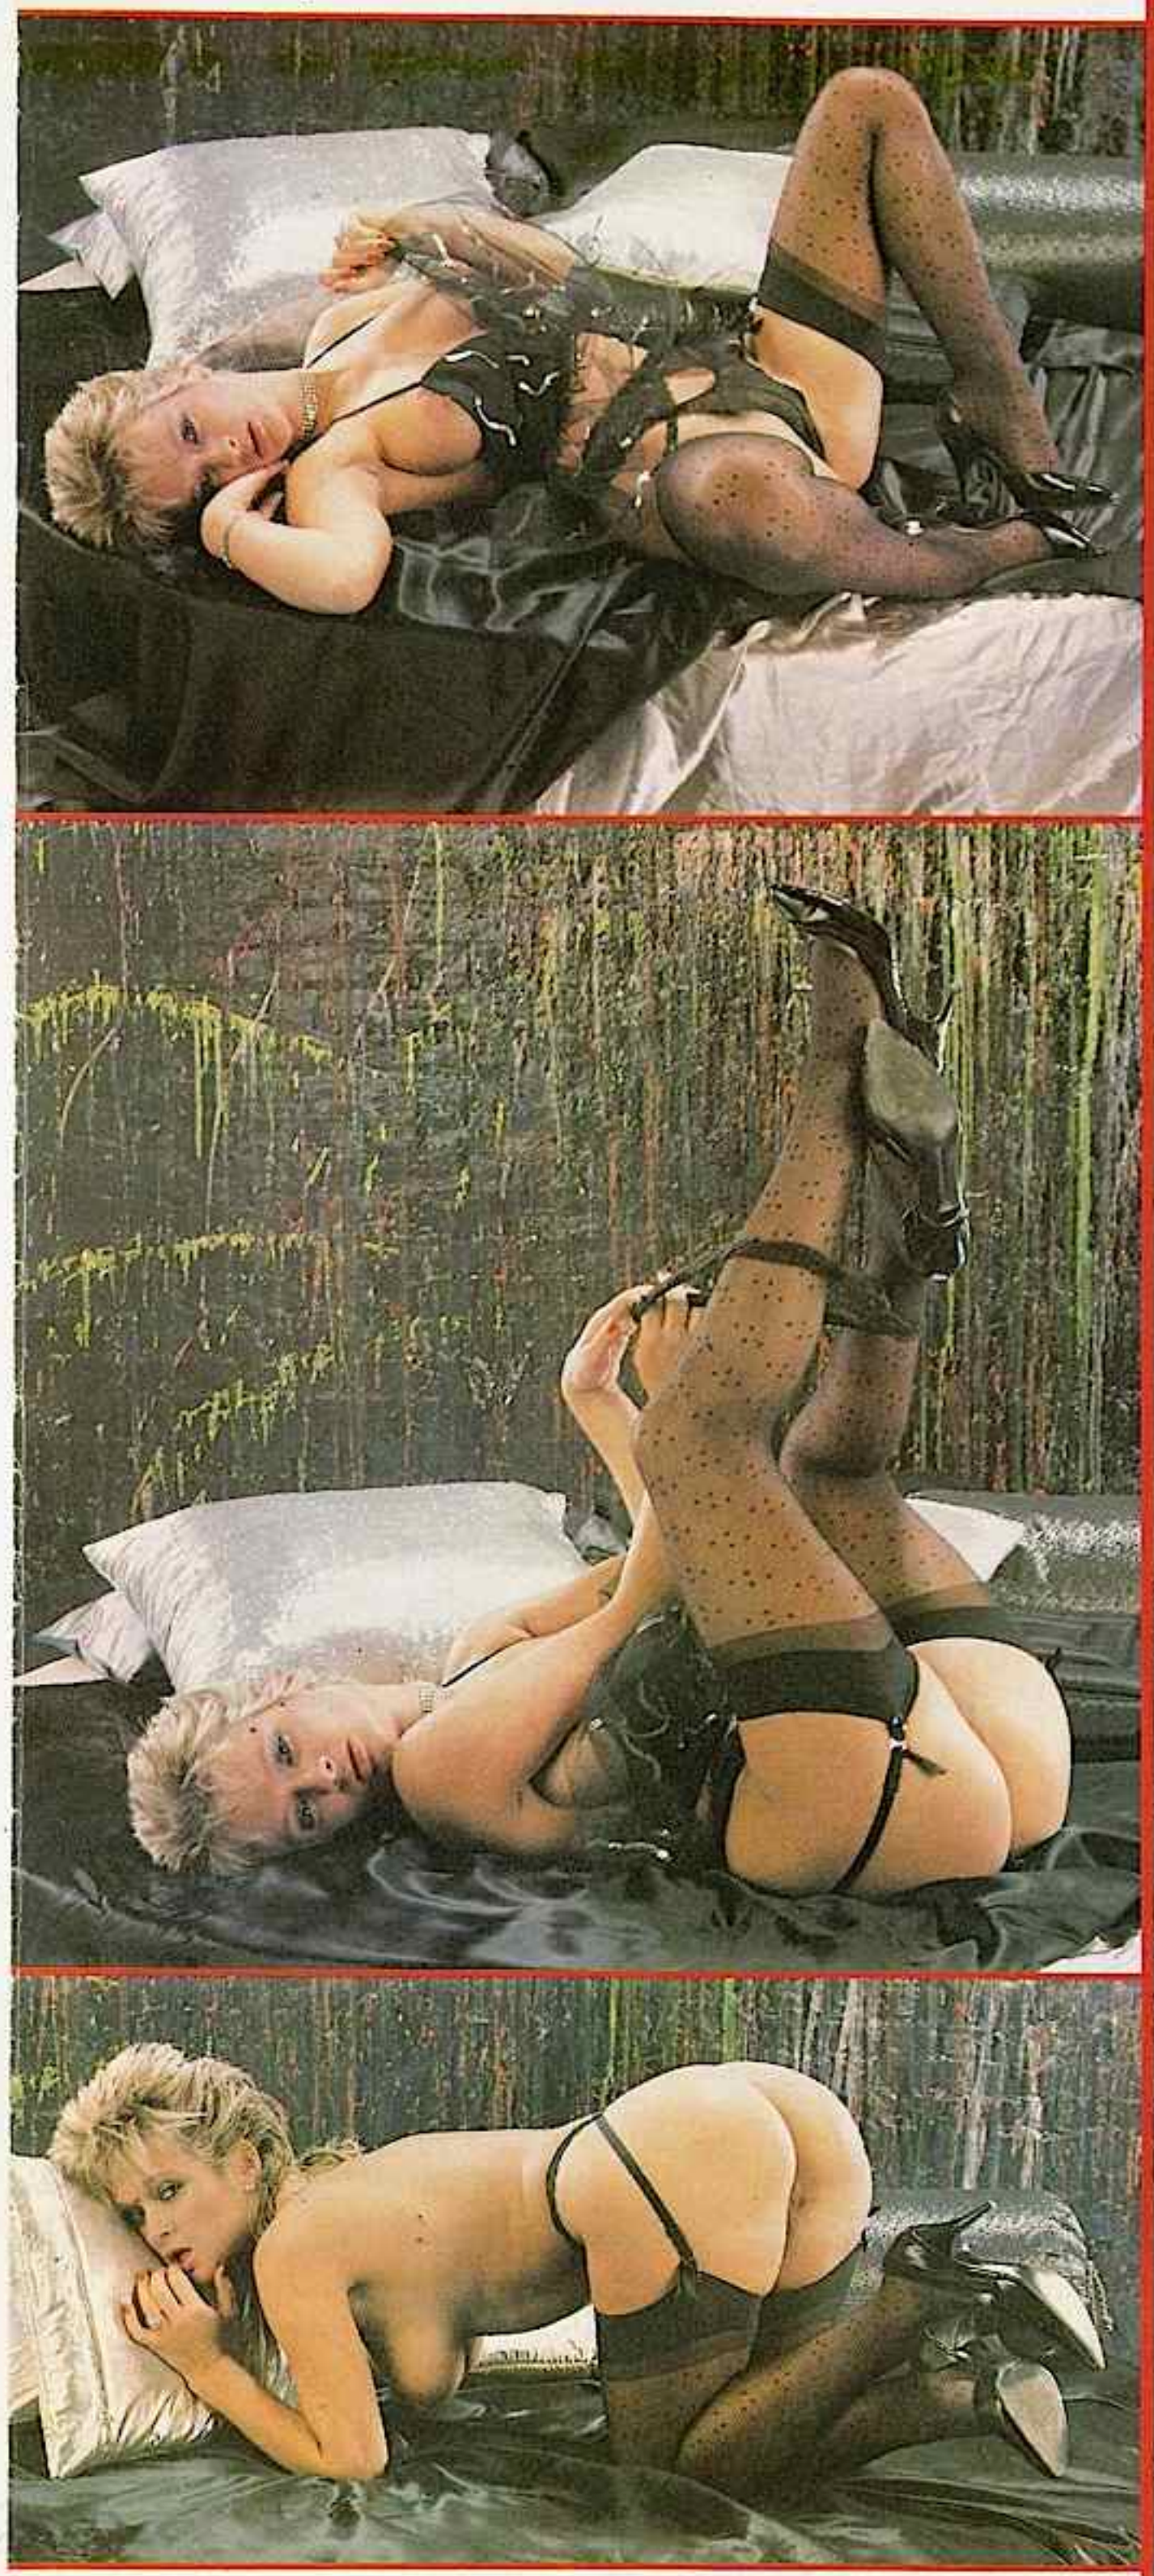
Dahlia



A name which puts us in mind of a certain young man from Australia, who painted his . . . But no, let us not dwell upon that. Let us instead say that Dahlia is French, 19 years old, comes from Paris, and came to London for five hectic days a few months back — which was when these pictures were taken. Let us also give her the benefit of the doubt and suggest that overwork and too much abuse of the nostrils took their toll and, under normal circumstances, she probably isn't as miserable as we found her. 36-25-37 would seem to be a reasonable dimensional analysis and, if you like moody, broody types — she's all yours!

fiona

Fiona is sexy and nice and makes the Editor break out in hot toddies. She's 23 years old, 5'4" tall and comes from . . . somewhere or other but we forgot to ask. New fans may be interested to know that she appeared in Knaves 15/10 and 15/X — the '83 Christmas edition. Welcome back, dear lady . . .

PHOTOGRAPHED BY RAPHAEL

She actually managed to make a noise by blowing through it, but not as nice a noise as Tommy Whittle does. A few nights later she saw him at the Dean Street Pizza Express and was sorry she didn't have a polaroid from this set to leave as a calling card. And now that we've mentioned it, bet Tommy's sorry too!

Marianne Owens

As all you expert Knave readers will spot straight away, this is a dream sequence . . .

PHOTOGRAPHED BY JACK ROGERS

. . . it features Marianne (21 years old, 35-23-35, 5'4") who comes from Humberside . . .

. . . but whose dream is it? It can't be the Editor's
— there's no booze. Maybe it's Marianne's . . .

Missed

Right: deerstalker at the ready; magnifying glass in hand — the Knave House Dick will now investigate this lady's credentials . . .

Missy is American for Melissa and her surname ends in 'ian' — like Gulbenkian — which means she's got some Armenian blood in her somewhere.

She's 5'6" tall and 20 years old. We haven't been told her measurements, but given her height, she must have a pair of 36s there.

Oh, and since Steve lives and works in California, it's a safe bet that Missy does, the same — and inevitably she'll want to get into films. Let's hope she does, just think what she'd look like *moving* . . .
